Checkers finally has a rewards programme

Checkers has launched a rewards programme called Xtra Savings. There are no points, no tiers and no levels, just instant cash savings on more than 1,000 products every month.

To use the Checkers Xtra Savings Programme, customers swipe their rewards card at the till and save automatically. Discounts are clearly marked in store, and every saving automatically reflects on the till slip.

Other features include:

- Cash savings on specially marked products every week
- Personalised offers on products you buy and love
- Birthday surprises and special perks
- VIP previews of upcoming offers and promotions such as Black Friday
- Automatic entries into store competitions and a chance to win free shopping every time you swipe
- Checkers will donate to beneficiary organisations that fight hunger

"The success of the Xtra Savings Programme will be in its simplicity," continues Schreuder. "Loyalty cards with slowearning points are everywhere. Consumers know the game. They want transparent incentives. They want meaningful gratification. And that's what we're giving them."
