

Boomerang Africa launches original songs for kids

To celebrate Universal Children's Day on 20 November 2019, Boomerang Tunes will officially go out on Boomerang Africa's YouTube channel following the launch of the first song, *We Laugh All Day*, featuring 15-year-old Cape Town-based South African singing sensation, Mila Smith in September.

Fully created in Africa, children will join their favourite characters in chorus with *Boom Bam Boogie*, *Naughty Meerkat*, and *New Discoveries!* when Boomerang brings on a funfest of song and dance just in time for the summer holidays.

Starting with three songs to be released on November 20, the remaining six Boomerang Tunes will be published individually on Boomerang's YouTube channel and on-air on Boomerang, DSTv channel 302, leading up to the festive season.

The all-new Boomerang Tunes will give kids something to sing along to in-between watching their favourite Boomerang shows.
