The Care Awards recognise excellence in promoting care for people and the environment. Since 2015, Dita Charanzová, Vice-President of the European Parliament, has been the jury president and Godmother of the award.

The categories encompass various topics, including public health, the environment, sustainable consumption, public safety, disability, human rights, domestic violence, child abuse, homelessness, education, and other relevant public issues. By highlighting these campaigns, the Care Awards promote awareness, raise visibility and inspire change in society.

This ACT Responsible initiative was launched in 2008 with the European Association of Communications Agencies in partnership with the support of the European Parliament. This year, the 120 entries were submitted by 85 agencies for 106 advertisers, representing 28 countries.

Africa needs to do campaigns like *Lesso Lessons* again and again
