

Pnet Job Market Trends Report | Q3:2023

Issued by [Pnet](#)

1 Nov 2023

Pnet's quarterly Job Market Trends Report provides insights into recruitment and employment trends in the local market. Developed to give local businesses a useful summary of the quarterly trends shaping the recruitment market, the report also unpacks specific sector insights - from both an employer and candidate perspective.

Recruiters can use our data to develop their recruitment strategies and to constructively guide and advise their HR talent-management solutions.

In our latest report, we look at the **power of female jobseekers in the local job market** as well as **hiring activity in the regional job markets** during the third quarter of 2023. We also provide **snapshots of hiring activity** in the Warehousing and Logistics, Architecture and Engineering, and Admin, Office and Support sectors.
