

Province Lighting/Automation/Switching expands

Province Lighting/Automation/Switching, specialised SABS-approved, commercial, industrial, retail and architectural lighting solutions, has expanded and recently opened up two new outlets in Johannesburg and Windhoek, Namibia.

The Johannesburg outlet focuses on the commercial, industrial and retail sectors of the market. The objective of opening this outlet is to enable Province to broaden its customer base and enhance its customer service.

The purpose of the outlet in Windhoek is to extend the footprint of Province into Africa. The offices and fully equipped stores there are up and running.
