

Puma and Netball SA extend exclusive kit deal

Global sports corporation Puma has announced a long-term renewal of its exclusive kit partner deal with Netball SA. The arrangement, established in 2019, calls for Puma to supply uniforms to all Netball SA teams, including the senior and junior national teams, umpires, clubs in the National Premier League and the Netball SA executive. Puma also manufactures certified replicas and fanwear. The news coincides with the 100-day countdown to the Vitality Netball World Cup, which will take place in Cape Town in July.
