

# Sunday World 10th Anniversary Celebrity Bash

Sunday World celebrated its 10th Anniversary and with some of SA's top celebrities at a VIP event in Braamfontein.

The star-studded red carpet event was recently held at one of Joburg's new hot spot, Club Inc. Among the A-listers were Uyanda Mbuli, Somizi Mhlongo and of course Kuli Roberts who was there to give away Shwashi gifts to some of Sunday World's loyal readers and some celebs who have featured in the paper.

Sunday World has undergone a thorough revamp to mark its 10th anniversary after conducting in-depth research with its readers. It was established that extra features needed to be added to the Sunday paper and key additions to the now fresher, full-colour newspaper that have been made include a new substantial lifestyle section, more business and personal finance news, extra news and opinion features, broader personality coverage as well as additional consumer advice and in-depth investigations.
