

# Creative Data winners!

The 64th annual Cannes Lions Festival of Creativity hosted the Cannes Creative Data award ceremony on 20 June 2017.

Creative Data Lions falls under the banner of Lions Innovation, which is dubbed as ‘a field-trip to the future’.

#CannesLions2017: Innovation winners!

20 Jun 2017

The Creative Data Lions in particular celebrate the interplay of ideas and information. This means entries in the Creative Data categories must have clearly demonstrated how the execution/campaign was enhanced or driven by the creative use, interpretation, analysis or application of data. The creative use of data must sit at the core of the idea and the results/impact must be clear and robust.
