

## ACA announces 2008 board

The Association for Communication and Advertising (ACA) has announced its 2008 board, retaining 21 of the 25 members from the previous board, including chairman Reinher Behrens and two vice chairpersons, Modise Makhene and James Barty. The third and newly appointed vice chairperson is Boniswa Pezisa, group executive director of Network BBDO South Africa, also a former member of the ACA 2006 board.

Behrens has been re-elected to serve for the third consecutive year.

The new board members are Nicholas Bednall, MD of Berry Bush BBDO, Andre Lombaard, MD of Brand Activation 141 and Selomane Maitisa, group MD of FCB South Africa.

“We are always happy to receive new members onto the board as they bring fresh ideas and new insights while the retention of previous members allows for flow and continuity as we strive together to grow the industry into a credible and flourishing sector of the economy,” said Behrens, ACA chairman.
