

# **SA migraine expert's breakthrough research celebrated in prestigious medical book**

Dr Elliot Shevel (B.D.S., Dip. M.F.O.S., M.B., B.Ch.), chairman of the South African Headache Society and medical director at The Headache Clinic, has contributed a chapter to a book about migraines and headaches that will soon be published by US-based Nova Science Publishers.

A specialist in the treatment and prevention of headaches, Dr Shevel has more than 30 years of experience in the medical industry and is the most published migraine specialist in South Africa.
