

Vulindlela Communications to produce MDDA's annual report

Vulindlela Communications, the Randpark Ridge based corporate communications and publishing company, won the tender to produce the MDDA's annual report, making it its third account from a media organisation this year.

The other accounts are the World Press Photo and Free Voice; two Netherlands based media advocacy groups.

In association with the World Press Photo, Vulindlela Communications will organise the World Press Photo Exhibition at Museum Africa from July 20 - August 13 2006. The exhibition comprises of the world's best news pictures taken in 2005.

Together with Free Voice, the company will also put together a seminar for senior journalists and editors from the two countries to discuss media freedom in the context of such racially and culturally diverse societies found in the two countries.
