

Winners in Product of the Year 2014

The winners of the 2013 customer survey, Product of the Year (POY), have been announced, following the Nielsen survey of 5000 South African households.

Preetesh Sewraj, the CEO and chief innovation analyst of Product of the Year - South Africa.

Image: 11th-Realm M2

Launched in 2008 in South Africa and present in more than 45 countries globally, one the world's largest consumer voted programmes identifies and celebrates innovation in the product and services industry.

The 2014 winners come from across a wide spectrum of companies with the product categories ranging from personal care to household products and services such as insurance and banking. They will be able to use the logo on various communication vehicles, such as television ads, print, and on-pack, to highlight the endorsement they have received from the South African public.

Product of the Year 2014 winners list
