

Kitting out bears for soccer season

Soccer fever has kicked off at Build-A-Bear Workshop with the cutest soccer bears, kits and even Zakumi! Kids can make their own Zakumi or personalise other furry friends in their favourite soccer team's gear. To get into the soccer spirit, the workshop will be hosting other fun activities during the holidays - learn the Diski Dance, Build-A-Bear Workshop bear war cries and even have a soccer party. All kids that learn the Diski Dance will receive their own commemorative Diski Dance certificate which gives them 10% off any merchandise during the holidays.
