Daniel Baron will also appear at the La Toscana at Montecasino on 22 September when he launches his debut album, 'It's Time' to festival visitors. Tickets cost R80 through Computicket.

"The festival is a particularly strong annual draw card to Montecasino and these world-class performers will add even greater appeal," says Steve Howell, GM of Montecasino.

The festival continues until 14 October. From food to movies to theatre, art, wine, street theatre, comedy, fun-filled children's activities and several major lifestyle events, the schedule encompasses all sorts of larger-than-life fun for everyone.
