

New CSI partnership between Trudon and Food & Trees for Africa

Trudon, the Publishers of the Yellow Pages, has partnered with Food & Trees for Africa (FTFA) to plant 10 000 trees in low cost housing settlements across South Africa. FTFA's Trees for Homes programme spreads awareness of the need to conserve, plant, and maintain trees for the vital role they play in our lives, and their importance in addressing climate change. This Trudon initiative will result in an estimated 250 hectares of urban forest planted.
