

TOPS at Spar Bierfest comes to Cape Town

The annual TOPS at Spar Bierfest comes to Cape Town from 3-4 November 2017 at GrandWest's new multipurpose facility, Sun Park. Festival goers can expect all things German, from beers and bands to eisbeins and frauleins.

The TOPS at SPAR Bierfest brings the best of Bavarian beer culture to Sun Park, including its own, specially brewed Oktoberfest beer, which is brewed once a year for the occasion, as well as the firm favourite craft beer, Newlands Spring Brewing Co.

While traditional oompah music remains a staple, this year's event sees the inclusion of popular rock mash up band, The Rockerfellas, in the entertainment lineup. Utilising the concept of the musical mash up made famous by DJs and dance music producers, this five piece band of musicians blends the biggest hits of the 70s, 80s, 90s and now, into a musical medley that should have revelers up and dancing.

"Since inception in 2010, the TOPS at SPAR Bierfest has delivered South Africans a taste of the Munich Oktoberfest right to their doorsteps. We are thrilled to be hosting the country's biggest annual, national touring festival of Bavarian beer culture at our Sun Park," says Elouise Matthys, PR and promotions manager at GrandWest.
