

## Spend, earn eBucks at Wetherlys

eBucks has announced Wetherlys as its newest earn and spend partner, offering members 4% back in eBucks on any purchases made in the stores. In addition, FNB and RMB Private Bank will also reward members with eBucks when they pay with their branded cheque card or linked credit card.

"As a rewards programme that has been around for nearly 11 years, it is vital that it continues to bring relevant choice and rewards to its members. We wanted to offer our members the opportunity of earning and spending their rewards currency on a range of quality home furnishings, decor items and accessories. With over 30 stores nationwide, and more than 60 000 imported and locally manufactured quality products to choose from, this is the perfect fit," says Jolande Duvenage, eBucks CEO.

Nirvashnee Reddy, finance executive at Wetherlys, says that the partnership is mutually beneficial, as it provides the store with the ideal platform in which to reward their customers. "Our choice is reflective of our commitment to provide a superior rewards programme, generating maximum returns to our valued customers."
