

MTN Bushfire 2018 releases full line-up

The 2018 MTN Bushfire, which takes place from 25-27 May in the Malkerns Valley of eSwatini, has announced its full programme of performances. The festival's main stage consistently plays host to some of Africa (and the world's) well-known and loved favourites.

With additional stages including the House on Fire Ampitheatre and The Barn, DJ focused dance floors and a range of other activities, the festival caters to a diverse and eclectic audience of over 26,000 annually. Made up of a rich texture of arts; cultures, crafts, food markets, and specialised zones, the festival creates an explosive three-day event and a memorable take home experience.
