Port Elizabeth-based producer and DJ, Alley, brings together two of SA's most-talented singers as KLA and Justin Chalice join vocal forces on the brand-new single "Come Over".

"I've always wanted to work with Justin Chalice as well as KLA, so I created this beat and I just thought that the two of them together on this track would be magical! And I couldn't be happier with the outcome," reminisces Alley on how the collaboration came about.

2020 has been a trying year but "Come Over" is a song to lift the spirits all around.

"The song is about two people that have had a keen interest in one another but throughout their period of friendship, one or the other was involved in a relationship. The song takes place at a time where both parties have both recently ended their relationships, and they chose to finally vocalise/explore their feelings for each other."

KLA loved working with Alley and Justin on the single:

“ Alley had created a fun, summer track with Justin and felt that I would add a refreshing female perspective to the song. I liked the idea and sound and agreed to be a part of the story. ”

Heading into summer with a catchy upbeat dance track for the holidays is a good way to go but as KLA says: “Please be safe as we approach this festive season and stay home as much as you can and don’t forget to sanitise and wear your mask.”

I spoke to KLA last week.
