

# Nissan, Reach For A Dream host family day at Red Star Raceway

Nissan South Africa and the Reach For A Dream Foundation recently partnered to host a family day at the Red Star Raceway, at which fifteen children were given the opportunity to experience the racetrack.

Nissan staff, together with the GTR-Z Club, pledged their time, effort and vehicles, in order to take the children and their families for a few laps around the racetrack and skidpan. In addition to this, the public also came out in support of the initiative, where they were given the opportunity to make a monetary donation to secure a few laps around the racetrack and skidpan. All the funds raised on the day were donated to the Reach For A Dream Foundation.

“The event was truly inspiring as we gave the children of our foundation the opportunity to dream again. Our children were filled with so much joy and happiness, and we want to say a special thanks to Nissan for inspiring hope in our children – this partnership is one we value immensely,” says Natalie Lazaris, head: business development of the Reach For A Dream Foundation.
