

Rain doubles amount of Pargo Pick-up Points for 4G SIMs

Rain has doubled the number of Pargo Pick-up Points where customers can collect a Rain 4G SIM. There are now 260 Pargo Pick-up Points inside selected Clicks stores in Gauteng, Kwa-Zulu Natal, the Western Cape, North West, the Eastern Cape and Free State.

In addition, customers can still choose to have their SIMs delivered to their homes for free via the Rain website or by ordering through Takealot and on-demand delivery by Mr D Food.

Customers can find their nearest participating Clicks store by going to the Rain [website](#) and clicking on 'pick up a 4G SIM today'. To pick up a rain SIM, customers can ask for one at the Pargo counter in-store.
