

## **Kulani Machaba included on AFSTA board of directors**

Kulani Machaba has been included on the African Seed Trade Association's (AFSTA) board of directors. Machaba currently serves as the regulatory leader of Corteva Agriscience, the agriculture division of DowDuPont, Africa and the Middle East.

AFSTA works closely with other key stakeholder organisations such as Crop Life International (CLI), the American Seed Trade Association (ASTA), and International Seed Federation (ISF).
