

# Air Seychelles announces fifth weekly service to Johannesburg

Air Seychelles has decided to further enhance its non-stop regional service to Johannesburg with a fifth weekly frequency starting from 17 March 2016.

The new service is scheduled to operate on Thursdays, increasing the already existing four-per-week service (Wednesday, Friday, Saturday and Sunday) and offering a greater travel choice to guests travelling between South Africa and Seychelles.

## Boost in capacity

Roy Kinnear, chief executive officer of Air Seychelles, said: "We are thrilled to announce the fifth weekly service to Johannesburg which increases the choice of days of the week for our guests and carriage of cargo and personal goods.

"The Thursday service will be operated on an Airbus A320 aircraft, which will boost the available capacity on that route to 868 seats per week.

"Additionally, guests travelling to Durban, East London, Port Elizabeth or Cape Town, with our codeshare partner South African Airways will now have more choice and better access to onward connections."

**Flight schedule for services between Seychelles and Johannesburg, with new Thursday service effective 17 March 2016:**

Flight #	Origin	Departs	Destination	Arrives	Days	Aircraft
HM061	Seychelles (SEZ)	9:25	Johannesburg (JNB)	12:35	Wed, Thurs, Fri, Sat, Sun	Airbus A320 on Wed, Thurs, Sat
HM060	Johannesburg (JNB)	14:00	Seychelles (SEZ)	20:55		Airbus A330 on Fri, Sun
