

# Milpark Education provides students with more choice

Issued by [Milpark Education](#)

14 Nov 2013

Leading private tertiary institution, Milpark Business School, has changed its name to Milpark Education (Pty) Ltd.

Milpark Education comprises several schools, including the Business School. Each School will focus on the provision of expert education in their various academic areas.

Milpark's Business School will continue to offer its highly rated MBA while other schools will focus on their specialised range of offerings. The Schools of Commerce, Investment and Banking, and Financial Planning and Insurance will continue to deliver the niche qualifications for which they have become well-known. The newly established Milpark College and the School of Government and Public Management will offer further education and training (FET) programmes relevant to a number of areas of work,

"The different Milpark Education schools are streamlined to provide the best experience to our varied student body within each area of specialisation. Each school will be able to enhance and expand its academic offering as needed to ensure that all our learning programmes and qualifications remain academically current and relevant to their respective sectors," explains Esther Venter, Executive Dean at Milpark Education. "

"The newly established Milpark College caters for students who do not have access to higher education, or who do not have a National Senior Certificate. The Milpark College programmes are great for students who would prefer FET to HE studies, and who want or need a formal qualification to enhance their employment prospects," says Venter.

"Access to education remains a key imperative in South Africa and it is Milpark Education's goal to offer students a full spectrum of study options that are relevant to contemporary workplaces. In addition to a number of FET programmes, Milpark also offers a range of Higher Certificates, a BBA degree, a BCom degree with various specialisations, several Postgraduate Diplomas, and the MBA. Most importantly, Milpark understands the challenges facing students and offers flexible learning options to accommodate their varying needs."

The name change is a change in name only, and will not affect Milpark students directly, nor will the status of any qualifications change. Milpark Education (Pty) Ltd remains registered as a company under the number 2004/026244/07,

and as a Private Higher Education Institution with the Department of Higher Education under the number 2007/HE07/003.

Milpark is an accredited provider of Higher Education (HE) qualifications and is also accredited to offer a range of Further Education and Training (FET) qualifications by various SETAs. Milpark's MBA has consistently been rated in the Top 10 of Accredited Business Schools in South Africa since 2009. The 2013 PMR.africa national survey on accredited business schools offering MBA/MBL degrees in South Africa rated Milpark the number one private provider of the MBA degree.

#### [Milpark Education](#)

Milpark Education was established in 1997, becoming one of the first private providers of higher management education in South Africa. Milpark services the higher education needs of various corporate entities as well as public students, through the qualification offerings of four schools: the School of Professional Accounting (incorporating CA Connect), the Business School; the School of Commerce; and the School of Financial Services. It currently offers 23 accredited programmes in higher education.
