There is only one place to celebrate the festive season in Johannesburg and that's enjoying **Swingin' Christmas** at **The Lyric Theatre, Gold Reef City** on **Saturday 30 November** at **8pm** for one night only.

But spare a thought for those less fortunate, who will not have the opportunity to see the wonder of Christmas come to life in any form; that being the many children in need in our country.

For this reason, **The CoLab Network, Johannesburg Big Band, The Lyric Theatre** at Gold Reef City and all those involved in **Swingin' Christmas** both on and off stage, have joined forces to encourage all those attending the show that evening, to bring along either a toy or items of much needed stationery, which will then be handed over to **The Teddy Bear Clinic for Abused Children**, for distribution to the many children in need they support.

The support will extend even further though, than just the patrons on that one evening. Management at The Lyric Theatre have embraced this initiative, and have arranged that anyone wishing to participate, can go through to the Lyric Theatre the week of the show; from Monday, 25 November until Saturday, 30 November, during office hours, to drop off toys and stationery at their box office at Gold Reef City, which will then be included with those items brought through on the night of **Swingin' Christmas**.

## Recipient of gifts: Teddy Bear Clinic for Abused Children

Teddy Bear Clinic for Abused Children (TTBC) is a non-profit organisation dedicated to ensuring abused children are protected and rehabilitated. They provide therapy, counseling, assistance, love, comfort, safety and ongoing support to children who have been abused. The Teddy Bear Clinic does not only work with children, but with parents and communities empowering them with knowledge and skills so that we can help put an end to child abuse.

This initiative forms part of The CoLab Network's CSI Project, **Peace Starts**; an organisation committed to not only raising awareness about the International Day of Peace (celebrated annually on 21 September) but so too, to show support to other organisations doing vital and uplifting work within the community, therefore creating more chance of peace in our country through their actions.

Says Cito, founder of Peace Starts and co-director of The CoLab Network; "In preparation for **Swingin' Christmas**, we realised that there was an opportunity to make some little hearts happy who are less fortunate than us. Whether you come to the show or not, we will be accepting presents for the Teddy Bear Clinic at Gold Reef City that whole week. In the spirit of Christmas, let's let the kids know that they're thought of!"

**Let us join together to make a tangible difference in these children's lives. A moment we take to purchase a gift, will provide a lifetime of memories for the recipient.**

### Important notice:

**For those purchasing toys for this initiative, please either mark on the wrapping as to whether the toy is for a boy or girl, and the relevant age; otherwise you can leave it unwrapped and the organisation will designate the gift**

accordingly, and then wrap it themselves.
