We are excited to confirm that, as of 20 May 2014, Milpark Education will be partnering with an international private education provider.

Apollo Global, a subsidiary of the Apollo Education Group, has acquired a majority interest in Milpark Education (Pty) Ltd.

Being part of the Apollo group provides exciting opportunities for Milpark. Partnering with Apollo will give us access to international best practice in education as well as the technology developed by them.

Apollo Global brings expertise in sharing data analytics, innovative learning programmes, content/curriculum/instructional design, technology focus and ways to elevate the student service and learning experience.

We look forward to benefitting from the global perspectives, and to the opportunity to continue to enhance and enrich our offerings to the benefit of our students and alumni.

This is a positive change and does not affect Milpark students in any way. All Milpark's qualifications remain accredited and registered with the appropriate authorities and the Milpark team remains unchanged to continue to provide excellent service and tuition to all of our students.
