Bluegrass Digital was selected as the digital partner for Peninsula Beverages Co, the official bottler for The Coca-Cola Company in the Western and Northern Cape.

This initial phase of the project is focused on relaunching the online presence of Peninsula Beverages with a website which will cater for both B2B and B2C audiences, handling trade enquiries and brand information.

Bluegrass Digital has extensive international experience delivering brand and corporate websites powered by leading content management platforms.

"Our team has already been hard at work on the new 'PenBev' UX prototyping and design concepts. We look forward to unveiling the fresh new site in the next few months, with its cleaner look and exciting new features," says Bluegrass MD, Nick Durrant.
