AfriGIS assists municipalities to enhance management and control of fixed assets.

Our Instant Online Smart City Solution enables you to:

- Map and manage your assets.
- Identify property portions and boundaries.
- Verify and validate addresses.
- Upload additional information layers, e.g. power lines, contours, construction, etc. in the area.
- See how a property changed over time by comparing this year and previous years' satellite imagery.
- Get full Cadastral and Deeds information.
- Communicate directly with your rate payers to their mobile phones.
- Confirm the location and increase the visibility of assets.
- Centralise fixed asset management.
- Improve regulatory compliance.
- Enhance governance and transparency.
