Senior C# Developer

Location:	Johannesburg
Remote work:	Some remote work allowed
Type:	Permanent
Reference:	#PM58851
Company:	E-Merge IT Recruitment

Join a dynamic company specialising in customer engagement, loyalty programs, and rewards management. As a senior C# developer with SQL expertise, you will play a crucial role in creating innovative solutions that enhance customer experiences and drive business growth. My client. is a leading provider of customer engagement solutions, helping businesses build lasting relationships with their customers. Their tailored loyalty programs and rewards management systems are designed to drive customer retention and increase brand loyalty.

As a senior C# developer with SQL, you will be responsible for developing and maintaining high-quality software solutions that meet the needs of our clients. You will work closely with a team of developers, designers, and project managers to deliver innovative solutions that exceed client expectations.

Requirements:

- Eight + years of hands-on experience in C#, .NET Core, SQL, Web API, and RESTful API development
- Proficiency in solid design principles and object-oriented design
- Experience with Microservices architecture and database management
- Strong problem-solving skills and a passion for technology
- Excellent communication and teamwork skills

The reference number for this position is **PM58851** which is a **permanent on-site position** based in **Johannesburg** offering a cost to company of up to **R900,000 per annum** negotiable on experience and ability. Contact Phindi at phindilem@e-merge.co.za or call her at 011 463 3633 to discuss this and other opportunities.
