

Game offers installation services

Game has started offering accredited installation in all 118 of its stores, enabling customers to work with accredited, insured installers at a fraction of the price usually charged.

Game customers will only be charged after they are satisfied with the installation.

Game provides white-glove service on all major appliances, as well as installation of the following: basic oven/hob extractor, cupboard installation of 9kg gas bottle, flat panel TV, home theatre set up, inverter and non-inverter split aircon, OVHD decoders, upgrade DSTV, router and PC call out and water connection.
