

SA leg of Red Bull BC One breaking competition returns with 4 nationwide cyphers

The 2021 edition of the Red Bull BC One breaking competition will see four qualifying cyphers across the country during February and March and will conclude at the national final in Cape Town on 24 April 2021. The top B-boy and B-girl will represent South Africa at the Red Bull BC One world final later in the year.

Each qualifying cypher weekend will consist of two days with the first being a workshop featuring the country's top breakers and the second being the qualifying cypher where the regional B-boy and B-girl will win their spot at the national final. The cypher weekends will be taking place in Johannesburg, Port Elizabeth, Cape Town and Oudtshoorn.

The four qualifying cypher and workshop weekends are:

- Johannesburg – 27 and 28 February 2021 – Constitution Hill
- Port Elizabeth – 6 and 7 March 2021 – Fairview Sports Centre
- Cape Town – 13 and 14 March 2021 – Joseph Stone Hall
- Oudtshoorn – 20 and 21 March 2021 – Toekomstus Community Hall

B-girl, DJ and producer, Courtnae' Paul, South Africa's top 32 representative in the Red Bull BC One e-battle 2020, is

excited to see what the breakers will bring to the cyphers this year. “The breakers all over South Africa have been working and training hard over the last year during lockdown. With the dance calendar being quite empty lately, Red Bull BC One is always something that the breakers and audiences look forward to so I’m sure the b-boys and b-girls will leave it all on the floor,” says B-girl Courtnae’. Local three-time Red Bull BC One champion, B-Boy The Curse, has high hopes for this year’s competition. “This year, the Red Bull BC One competition is probably the most anticipated breaking event of the year. It’s going to be a blast,” says B-Boy The Curse.

Breakers will need to register on www.redbull.co.za/bcone to participate in the regional qualifying cyphers to stand a chance to earn a place in the national final.
