South African singer and songwriting artist Sasha-Lee Davids returns to the spotlight with a brand new single and her first online concert this weekend.

After spending the last few years working on several music projects, Davids is back on the national music scene with the release of her latest music offering, “A Little Love” - which the singer and songwriter released last week.

Davids, who hails from Atlantis in the Western Cape and who rose to fame as a joint winner on music reality show *Idols SA* in 2009, says she is ready for the SA audience to finally hear what she has been working on in the studio.

Davids, who wrote the track herself, describes the much-anticipated track as a “feel-good song”, adding that “it has a great message that reminds us how important life is”.

Davids is also hosting an online music concert on 27 February 2021 entitled Sasha-Lee Davids Live.

This will be Davids’s first online concert; tickets are available from Quicket.

I spoke to her last week.

📌 **Do you do charity work and, if you do, what do you do?**

I do, wherever I can help. My church alone has people who need help, even if it's just emotional support. I've also been part of a charity foundation called Out of Africa Children's Fund for cancer. I'm also joining a foundation called Bless a Baby, where they collect baby items for newborns and drop them at hospitals.

📌 **Wishes and dreams:**

I wish for health and success in this difficult time we are still trying to navigate our way through. I dream to spread a message of love and kindness globally.
