

LISTEN: Womandla Foundation empowering women, girls to live out their destiny

This Youth Month, Sam Gqomo, founding director of the Womandla Foundation, shares with us how the organisation is striving towards its mission of informing, empowering and equipping women and girls with the tools and skills necessary to live out their destiny. Womandla is a non-profit company that seeks to bridge the gender gap in Africa, empowering women to attain their own economic development, while also uplifting their communities and society at large. To meet its objectives, Womandla collaborates with other organisations to promote social innovation, public education, community enrichment and transformation.
