

## StreetSmart SA expands to accommodation, wine tasting establishments

StreetSmart SA has expanded its initiative into accommodation and wine tasting establishments...

StreetSmart SA is a conduit fundraising organisation that partners with restaurants and now also accommodation establishments and wine tasting rooms, to receive donations from diners and guests to support their own locally based beneficiary organisations.

In this way, locally run programmes that prevent the vulnerable from becoming street children, and help those already on the streets through reintegration back into schools or families, can be funded.

The decision to branch out from a purely restaurant driven campaign developed organically at the request of owners of wine farms, guest houses, and hotels who expressed interest in becoming involved and joining the StreetSmart SA community.

In addition to the 94 restaurants throughout South Africa where patrons can add a voluntary R5 donation to their bill, guests at an increasing number of wine tasting rooms, B&B's, guest houses, and hotels are now also able to make a contribution.
