

See: Upcoming BMW i4 unveiled

The upcoming BMW i4 was revealed at the BMW Group Annual Conference. The BMW i4 is a fully electric 4 door Gran Coupé and features a refined balance of BMW typical sportiness, comfort and sustainable performance. The BMW i4 model line will be available in different versions covering ranges of up to 590km and will enter the market during the course of the year. See the gallery below.

Full details on the BMW i4 will be released soon.
