

Domains.co.za launches the perfect uncapped* VoIP solution for small business

Issued by [Domains.co.za](https://domains.co.za)

6 Jul 2021

Domains.co.za is proud to launch their latest innovative product for the SME market: **Cloud-based VoIP, powered by 3CX with UnCapped Calling* powered by VOX Voice**. This solution is set to change the telephony industry within the South African SME market forever!

Boost your business' communications with this fully managed, cloud-based, PBX phone system with its world-leading 3CX software, VOX carrier-grade Voice and Uncapped local and cell phone calls.

SME businesses across SA have had to face many challenges over the past 15 months. These range from load-shedding, copper cable thefts and remote working due to lockdown, which have caused complications with traditional PABX systems.

Making and accepting calls need not be a part of an SME's challenges any longer. Now, thanks to uncapped* VoIP by [Domains.co.za](https://domains.co.za) businesses can make and take calls from anywhere - to anywhere, unhindered by these interferences.

[Domains.co.za](https://domains.co.za)

Reasons why VoIP by Domains.co.za is a gamechanger:

- Uncapped* means your business can make local and cell phone calls and save on monthly traditional telephone bills as this is included in the pricing*.
- It makes use of the world-class 3CX software with built-in security and backup, live chat and video conferencing.
- With more than 150 features, your business can expect everything a traditional switchboard can do *plus* more, e.g. live chat, video conferencing, Click2Meet, Click2Call and several time-saving features.
- The system is built on [Domains.co.za's locally hosted](https://domains.co.za), solid infrastructure (99.99% uptime) and professional monthly management.
- VoIP by Domains.co.za has scalable packages and is powered by VOX Carrier-Grade voice, so customers can expect crystal-clear voice calls and affordability.
- Wherever your employees are – at the office, or at home – telephone conversations can continue professionally via smartphones, laptops, or desktops disruption-free.

With 3CX software, VOX Carrier-Grade Voice and Domains.co.za's infrastructure, the quality of this product is unmatched in the industry. Experience fast, crystal-clear voice calls cost-effectively, with VoIP by Domains.co.za. Learn more by clicking [here](#).
