

All the Salesforce Customer Appreciation Awards 2024 winners

The Salesforce Customer Appreciation Awards 2024 took place at the 12 Apostles Hotel in Cape Town, where the winners were recognised for their success around digital transformation. This is the first in-person Customer Appreciation Awards event, which is tantamount to the growth in Salesforce’s customer base and maturity in the region.

This comes at a time when the global CRM provider has announced several partnerships including Meta and WhatsApp that allows Salesforce customers to connect with their customers and build new messaging experiences.

“Celebration of our customers is important as we continue to raise the bar and recognise that technology and business is moving at a pace we’ve never seen before,” said Zuko Mdwaba, Salesforce area vice president/Africa executive and South Africa country leader.

According to Mdwaba, Salesforce has managed to secure 1,000 customers in Africa, with South Africa driving the majority of the growth with over 500 customers.

“The biggest trend we are seeing in the year ahead is generative AI which is being embedded in all the technologies we use. The past year we secured partnerships with Google, Amazon, Snowflake, TikTok, Meta, and Whatsapp to name a few. We have come together to share, inspire and build community.”

“The growth we’re seeing in South Africa is significant and speaks to the need for solutions that support organisations in putting their customers at the heart of their business. This is an opportunity to applaud the success of our customers and for Salesforce to continue to support our customers’ journey,” adds Mdwaba.
