

# Asset forfeiture: NPA secures preservation order in R27m PPE case

The Asset Forfeiture Unit of the National Prosecuting Authority (NPA) has secured a preservation order for assets linked to a R27m PPE case in the Northern Cape.

The order was granted against the assets of well-known Kimberley businessman Somandla Sibisi and his companies Macronym 37 and Aphiwokuhle Holdings.

The frozen assets include a residential property bought for some R900,000, a business property – known as Live Café – bought for more than R2m, kitchen equipment bought for over R300,000 and a 2013 model Audi A1 car bought for R130,000.

NPA regional spokesperson, Mojalefa Senokoatsane, explained that the vehicle and property were allegedly bought with “the proceeds of the money received from the Northern Cape Department of Health” through PPE related tenders.

“This preservation order emanates from a case where...Sibisi, who is accused number nine, his company is accused number eight, in the Department of Health Northern Cape PPE-related matter amounting to more than R26m, made his first appearance together with other 12 co-accused on 11 October 2023, in the Kimberley Magistrates’ Court.

"The accused are facing charges of Contravention of Provisions of Section 86(1) of the Public Finance Management Act (PFMA), fraud, corruption, forgery, money laundering, uttering, and defeating or obstructing the course of justice concerning the amount of more than R26.9m.
